Mourvèdre/Cinsault , Château de Pibarnon, Bandol, Provence 2021	75	N*
Merlot , Château Le Puy 'Rose-Marie', Bordeaux 2023	120	N*

The rosé at Château Le Puy is made by the "saignée" method. Each vat is tasted at the beginning of fermentation, and only the most suitable are selected for this unique cuvée. The juice is then fermented and aged in barrels for 6 to 10 months before bottling. The wine is bottled without filtration and no sulfur is added at any point. This less technical process, along with the extended élevage, makes the "Rose-Marie" a serious and soulful Rosé. Bright, with delicate, sweet red fruits, it is wonderful to drink upon release but has the depth to allow for aging. Limited in production, only 30 cases are made available for the United States.

ambro: macerated & orange

-An ancient technique for producing wine dating back to 3000 BC; white grapes are left in contact with their skins for an extended period of time resulting in a fuller, more tannic, & pleasantly unusual wine with an amber hue.

Malvasia , Rodica Malvazija, Istria, Slovenia 2022	44	N
- Notes of peach, baked apple, and citrus with subtle tannins. Full bodied, structured complex palate.		
Albana , San Biaggio Vecchio 'Sabbia Gialla' Ravenna Bianco, Emilia Romagna 2021	49	N
-Rich and complex aromas of citrus fruits, white flowers, honey, and aromatic herbs. Vibrant minerality and juicy acidity.		
Sauvignon Blanc/Sangiovese , Ficomontanino 'Zacinta Revi', Toscana 2021	55	N/W*
-Vibrant and aromatic with complexity and texture. Tangerine, anise, and musky flowers supported by firm minerality and tangy acidity.		
Insolia/Grecanico , COS 'Rami', Sicilia 2020	55	N*
-Intriguing, deep white with aromas of fresh sea air, hints of dried honey, rising bread dough and crisp golden delicious apple. On the palate, Rami manages to be both rich, elegant and evanescent at the same time, with the wine's great natural acidity bringing balance to its white Burgundy-like texture.		
Trebbiano/Malvasia/Verdicchio , Monastero Suore Cistercensi 'Coenobium Bianco', Lazio 2024	55	N/W*
-A small group of Cistercian nuns produce this unique wine with the assistance of legendary 'natural' winemaker, Giampiero Bea. The Bianco is complex with an oxidative quality that blankets layers of minerals, nuttiness, acidity & a dry palate with flavors of stone fruit, citrus, green tea complimented by a distinct minerality and savory herbal notes.		
Procanico/Malvasia/Roscetto , La Villana Vino Bianco 'Vallegara', Lazio 2023	60	N/W*
-Blend of mineral citrusy Procanico, aromatic Malvasia, herbal and tropical Roscetto		
Albanello/Zibibbo , Occhipinti 'SP68 Bianco', Sicilia 2024	60	N/W*
-Fermented in concrete with just over 2 weeks of skin contact, this is technically an orange wine, but with a fairly light touch. Floral and perfumed on the nose, with layers of dried apricot, fresh herbs, and ocean spray.		
Chardonnay/Friulano , Radikon Slatnik, Friuli-Venezia Giulia 2022	70	N*
-Textured and aromatic Chardonnay blend rounded out with 20% Tocai Friulano. Flavors of yellow fruit, melon rind, and rain-soaked rocks dominate this exquisite palate.		
Vitovska , Skerk Carso Vitovska, Carso, Friuli-Venezia Giulia 2022	95	N*
-Quite aromatic with notes of tropical fruit, wild herbs, citrus peel, flint, and white flowers. The palate is dry, savory, mineral, with impressive structure from both tannins and acidity.		
Umbria Bianco , Paolo Bea 'Santa Chiara', Umbria 2020	98	N*
-Rainier cherries, white stone fruits, and melon waft with savory minerals, toffee, licorice and white flower petals in this indescribable, opulent and spicy orange wine from Giampiero Bea, the master himself. (Grechetto, Malvasia, Chardonnay, Sauvignon, Garganega)		
Trebbiano Spoletino , Paolo Bea 'Lapideus', Umbria 2018	115	N*
-Arising from a cooler microclimate than the 'Arboreus', 'Lapideus' spent 35 days on its skins, followed by 210 days on the gross lees. Edgy and lively, exhibiting exotic and savory nuance, notes of apricots, cloves, and candied ginger.		
Ribolla Gialla , Gravner, Friuli-Venezia Giulia 2007	130	N*
-From Josko Gravner, the visionary maverick "King of Friulian Wines". The grapes are fermented in Georgian amphorae buried underground for long maceration with wild yeasts and no temperature control. After fermentation the wine rests in amphorae for five more months and then it is aged in large oak barrels for an additional six years and bottled without fining or filtering. Delivers dried apricot, orange zest, salinity, anise, dried herbs, nuts, and a blast of smoky minerality. Complex and tannic.
